our story.

Pet Pillow is a family-owned business that is based in Brisbane and has been manufacturing since 1996. We started our business as a need to accommodate our Rottie Tegan in a comfortable bed (other than ours!)

We are proudly Australian Made and Owned and most of our raw materials are sourced locally. This means our products are always available.

As a wholesale manufacturer, we do not supply to the public direct but are happy to locate your nearest stockist for you.

Thank you to our four-legged models:

- Max (Labradoodle)
- Digga (Bitser but beautiful)
- Tara (Rottie x Cattle Dog)
- Wilbur (Cavoodle)

poly fill pet pillows.
